Course Outcome
Add-On Course: Photography
Department of Film Studies

The Photography Add-On Course provided students with fundamental skills in photography, focusing on both technical and creative aspects.

Key Outcomes:

1. Mastery of basic camera operations (aperture, shutter speed, ISO) and composition techniques.
2. Practical experience in various photography styles, including portraits and landscapes.
3. Basic photo-editing skills and portfolio development.
4. Understanding of career opportunities and ethical practices in photography.

Students developed technical proficiency and creative expression, equipping them to explore photography as a hobby or career.
