WORKSHOP REPORTS

Three days Software Training Workshop

Date: 9th, 10th and 15th January, 2024

Day 1 (9th January, 2024) – Practical workshop on Webpage making, hyperlink creation and Blog writing

Resource Person:

Mr. Avijit Mondal, SACT of Gurudas College.

Attendees:

35 students of SEM V.

Panel Discussion:

The Interactive practical session was on: Hyperlink Creation and Web Page Making

Mr. Mondal taught the students about more intricate techniques in hyperlinking while creating web pages.

The points to be remembered while making a web page and moreover how to provide a professional touch to it and this garnered a huge response from the students. The day ended on a successful note.

Day 2 (10th January, 2024) – Practical workshop on Sound Forge

Resource Person:

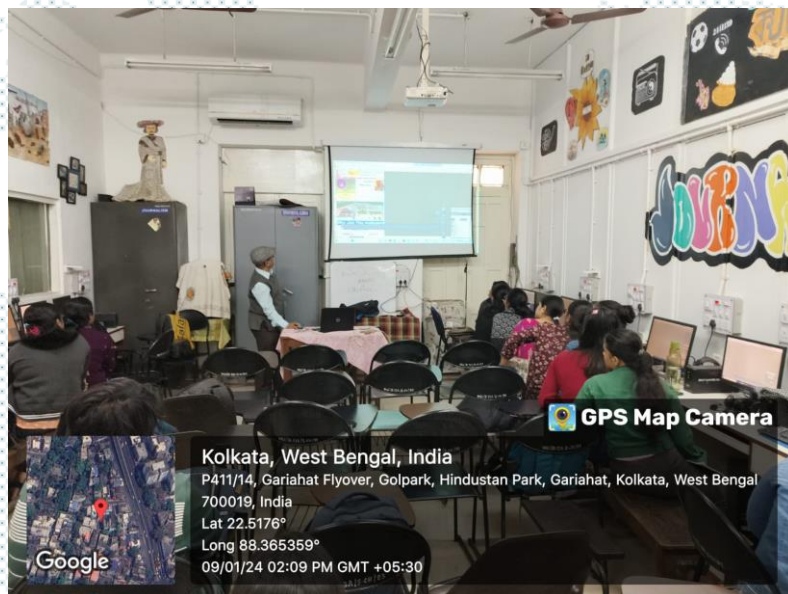

Mr. Avijit Mondal, SACT of Gurudas College.

Attendees:

31 students of SEM III.

Panel Discussion:

A enumerated workshop was held on Sound Forge. While confabulating about the intricacies of above mentioned software, a clear picture was tried and established in the minds of the scholars about the basics. After the three and half hour of the workshop a one to one practical class was conducted which helped the students to gather more concrete knowledge about the software, which would further help in preparing their respective Audio Presentation. The programme was made mandatory for 3rd Semester students as they need to prepare an audio presentation according to the curriculum prepared by The university of Calcutta .

Day 3 (15th January, 2024) - Practical Workshop on Adobe Indesign and Quark Express

Resource Person:

Mr. Avijit Mondal, SACT of Gurudas College.

40 students of SEM I.

Panel Discussion:

On the 3rd day of the workshop for almost 3 hours, a detailed discussion and presentation was shown on ' using Adobe Indesign and Quark Express for page make up. This forum opened up discussion and Q&A session for all the students of the concerned semester regarding the specific topics and enriched the learning. The practical knowhow complemented the theoretical knowledge of the students.

The students were greatly helped by this workshop and would look forward for more of such forums.

Lastly, after seminar, all the students practiced on the computer lab whatever they had learnt, and six
