

COURSE OUTCOME (CBCS)

Ability Enhancement Compulsory Course 2

Environmental Studies

Semester 2

As a part of their Under Graduate course both Honours and General Students of all stream have to study this Environmental Studies course as AECC2 in their Second semester as per CBCS system.

Although it is a compulsory subject but depending on the existing scenario and Global Environmental issues in our college, we use this platform to encourage students to care and love nature and to protect it too.

After completing the AECC2 in Environmental Studies, students will be able to:

- Articulate the interconnected and interdisciplinary nature of environmental studies;
- Demonstrate an integrative approach to environmental issues with a focus on sustainability;
- Use critical thinking, problem-solving, and the methodological approaches of the social sciences, natural sciences, and humanities in environmental problem solving;
- Communicate complex environmental information to both technical and non-technical audiences;
- Understand and evaluate the global scale of environmental problems; and
- Reflect critically on their roles, responsibilities, and identities as citizens, consumers and environmental actors in a complex, interconnected world.
