ON 4TH AND 7TH OCTOBER 2023 MENTAL HEALTH DAY (10TH OCTOBER) WAS OBSERVED

On October 10, 1992, the first-ever mental health day was observed after the approval of this initiative. The theme of World Mental Health Day 2023 is 'Mental health is a universal human right. The overall objective of World Mental Health Day is to raise awareness of mental health issues around the world and to mobilize efforts in support of mental health.

4th October 2023 movie screening on mental health of adolescents

The portrayal of mental health issues in film can be an instrument of change that can work against this stigma in multiple ways. Film has the potential to not only portray things accurately but also give this topic a place in mainstream culture. Film can become the intersection between starting the conversation and normalizing it. Hence, A Film session focusing on childhood and juvenile mental health, 4th October 2023 (2.30 p.m.-4.30 p.m.) followed by an Interactive Analysis to observe Mental Health Month (October 2023), by Shri Sourav Sarkar, Film Director, Fragrant Creation
